MD 23 and 146 a traffic circle has been discussed. A letter from County Executive Glassman, Council President Slutzky and Delegate Impallaria was sent to Pete Rahn Secretary of Transportation Maryland DOT. In the letter there was discussion that Harford County requests that MDOT acquire the right-of-way, design, and construct a roundabout at the intersection of MD 23 and 146.

MD 23 @ Grafton Shop there is mention in the letter that there has been numerous crashes over the years and this intersection and Harford County requested MDOT to design and construct a round-about and this intersection to improve the overall safety at this intersection.

More intersections were discussed but not in the Jarrettsville/Norrisville area therefore I have not listed in the minutes.
